Giant Swiss Pansies

No garden is complete without sparkling Pansies to decorate its border. Our Giant Swiss Pansies which have especially large flowers will give a mass of bloom ranging in colors of light blue, dark blue, white, orange, dark red, pure yellow, and yellow and black.

You are cordially invited to visit our nursery and make your own selection of our Giant Swiss Pansies for which we are well known throughout the county.

10c. each, \$1.00 per doz.

Annuals

A fine assortment of annual plants which we are sure will please you.

Nothing can surpass the colorful beauty of an "annual" garden in full bloom. Or a few annuals spotted amongst the perennial border will give it that colorful dash in Midsummer.

By buying plants that are started, you can have a greater variety, because you can purchase just the number of each kind that you will need. Most of our annual seed is sown in time that the plants start to bloom about the middle of May, which is the earliest date advisable for setting them out in the garden, so that you will have a continuous display of color from the day you plant them until frost.

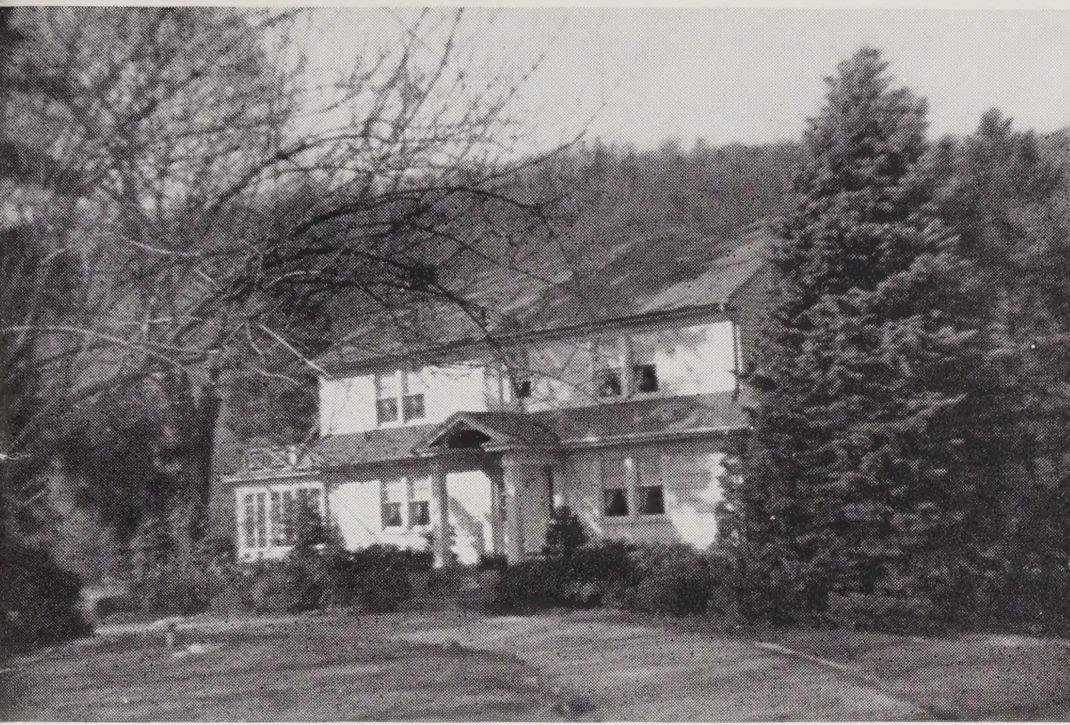

We have a large assortment of Petunias in many shades and types. The Single, Double, Dwarf, Extra Dwarf and California Giant Petunia, all present profuse bloom on compact plants.

* * *

The selections of varieties in the following list include rust resistant types, mixed colors of certain annual dwarf and tall growing sorts, and small and giant flowering types. Stocky, well rooted young plants in large pots.

Reasonably priced from 10c. to 50c.

Ageratum	Larkspur
Alyssum	Lobelia
Asters	Marigolds
Begonias, Fibrous and	Morning Glories
Tuberous rooted	Nicotiana
Calendula	Nierembergia
Cannas	Petunia, Double flower-
Carnation	ing
Cleome	Petunia, Balcony
Cornflowers	Petunia, Bedding
Cosmos	Petunia, Dwarf
Dahlia, Unwin's Dwarf	Salpiglossis
Hybrids	Salvia
Fuchsia	Scabiosa
Geraniums	Stock
Heliotrope	Verbena
Impatiens	Vinca, Variegated
Ivy	Zinnias

Evergreens

The evergreens constitute a group of plants which are most valued for landscape effects. A wide diversity of color and habit of growth render them particularly useful for limited areas of foundation plantings or for bed or border uses, others for screens, hedges, windbreaks, and for group and specimen plantings. They are always desirable for any landscape planting in that they give both Summer and Winter effects.

Our evergreens have been transplanted at regular intervals and have developed a mass of fine, fibrous roots with corresponding compact top growth. You are cordially invited to come to our nursery where you may make your selection from our hundreds of fine specimens.

ABIES · Fir

Abies concolor (White Fir). One of the finest ornamental evergreens. It is almost as blue as the Colorado Blue Spruce.
7-8 ft.....\$15.00

CHAMAECYPARIS · Retinospora

Chamaecyparis filifera (Thread Cypress). The long, threadlike branches are very pendulous and of bright green color.
3-4 ft.....\$5.00 | 4-5 ft.....\$7.50

C. filifera aurea (Golden Thread Cypress). A golden form of the above. Needs sun to retain its rich golden color.
Specimens.....\$20.00 up

C. obtusa magnifica. Moderately slow growing, upright. Heavy, dark green foliage.
5-6 ft.....\$10.00

EVERGREENS

CHAMAECYPARIS—continued

- C. obtusa nana compacta** (Dwarf Hinoki Cypress). Compact, dwarf, dense plant with interesting effect.
- | | | | | |
|---------------|---------|--|---------------|---------|
| 15-18 in..... | \$6.00 | | 21-24 in..... | \$12.50 |
| 18-21 in..... | 8.00 | | 24-30 in..... | 15.00 |
| 30-36 in..... | \$17.50 | | | |
- C. pisifera aurea** (Golden Sawara Cypress). Golden form of the preceding variety.
- | | | | | |
|-------------|--------|--|-------------|---------|
| 4-5 ft..... | \$9.00 | | 5-6 ft..... | \$12.50 |
|-------------|--------|--|-------------|---------|
- C. plumosa** (Plume Cypress). Forms a dense, compact, conical tree with green, feathery foliage. It has a very graceful habit and is well adapted to foundation plantings, because it can be sheared and kept within bounds.
- | | | | | |
|-------------|---------|--|-------------|--------|
| 3-4 ft..... | \$5.50 | | 4-5 ft..... | \$7.50 |
| 7-8 ft..... | \$15.00 | | | |
- C. plumosa argentea**. A slow growing form of Golden Plume Cypress. Very compact and neat appearing
- | | | | | |

| 18-24 in..... | \$2.50 | | 2-2½ ft..... | \$3.50 |
| 2½-3 ft..... | \$5.00 | | | |
- C. plumosa aurea** (Goldenplume Cypress). Golden form of Plume Cypress. Very attractive as it gives color to the planting when grouped with other evergreens.
- | | | | | |
|-------------|--------|--|-------------|---------|
| 3-4 ft..... | \$8.50 | | 4-5 ft..... | \$10.00 |
|-------------|--------|--|-------------|---------|
- Also large specimens.
- C. squarrosa** (Moss Cypress). An unusual variety with blue-gray foliage of bushy habit with feathery branchlets, giving a woolly appearance.
- | | | | | |
|--------------|---------|--|-------------|--------|
| 2½-3 ft..... | \$5.00 | | 3-4 ft..... | \$7.50 |
| 4-5 ft..... | \$10.00 | | | |

JUNIPERUS · Cedar

- Juniperus chinensis** (Chinese Juniper). A native of Asia which has many points of merit. It is immune from severe Winters, can withstand heat and drought, and is free from plant diseases and pests. It forms a compact, pyramidal tree with bright green or glaucous, prickly needles.
- | | | | | |
|--------------|---------|--|-------------|---------|
| 3½-4 ft..... | \$7.50 | | 5-6 ft..... | \$12.50 |
| 6-7 ft..... | \$15.00 | | | |
- J. chinensis columnaris** (Columnar Chinese Juniper). A beautiful, cone-shaped variety with dark gray foliage. Similar to above but of more shapely growth. Very formal.
- | | | | | |
|---------------|---------|--|-------------|---------|
| 5½-6 ft..... | \$10.00 | | 6-7 ft..... | \$12.50 |
| 14-16 ft..... | \$25.00 | | | |
- J. chinensis keteleeri**. A fine variety with beautiful, intense green foliage. Symmetrical growth with tops of branches ascending; very compact and formal.
- | | | | | |
|--------------|--------|--|---------------|---------|
| 3½-4 ft..... | \$7.50 | | 5-6 ft..... | \$12.50 |
| 4-5 ft..... | 8.50 | | 10-12 ft..... | 17.50 |
- J. chinensis pfitzeriana** (Pfitzer Juniper). A very hardy, valuable spreading variety, with silvery green, feathery foliage. Very useful for exposed locations, borders, and terraces.
- | | | | | |
|---------------|--------|--|-------------|---------|
| 18-24 in..... | \$4.50 | | 3-4 ft..... | \$12.00 |
| 2-2½ ft..... | 6.00 | | 4-5 ft..... | 15.00 |
| 2½-3 ft..... | 7.50 | | 5-6 ft..... | 20.00 |
- J. chinensis glauca hetzi**. Same type of growth as above, but with a decidedly blue cast to foliage.
- | | | | | |
|--------------|--------|--|-------------|---------|
| 2½-3 ft..... | \$7.50 | | 3-4 ft..... | \$12.00 |
|--------------|--------|--|-------------|---------|

Juniperus Planting

JUNIPERUS—continued

J. chinensis sargentii. A fine Juniper for the rock garden. It has low trailing, dark green branches.

12-15 in.....\$4.00

J. communis depressa plumosa (Plumed Spreading Juniper). New and very hardy, with foliage bright green in Summer and reddish purple in Winter. One of the best low growing Junipers.

15-18 in.....\$3.50	2-3 ft.....\$6.00
18-24 in.....4.50	3-4 ft.....8.50
4-5 ft.....\$10.00	

J. communis hibernica (Irish Juniper). Distinct and beautiful. Of erect, dense, formal outline with glaucous green foliage.

3-4 ft.....\$6.00 | 4-5 ft.....\$8.50

J. excelsa stricta (Spiny Greek Juniper). This beautiful variety forms a dense, conical plant, tapering gradually from the ground to a sharp, terminal point. The growth is slow so that it is well adapted for foundation plantings, rock gardens, or other situations where smaller or dwarf trees are required. It is perfectly hardy and has a fine, glaucous color.

18-24 in.....\$3.50	3-4 ft.....\$9.00
2-2½ ft.....5.00	4-5 ft.....12.50
2½-3 ft.....7.50	5-6 ft.....15.00

J. squamata meyeri (Meyer's Juniper). Slow growing, irregular vase-shaped, with a distinct blue foliage.

2-3 ft.....\$6.00 | 3-4 ft.....\$8.00

J. virginiana cannarti (Cannart's Redcedar). A fine, pyramidal, compact grower of dark green appearance.

5-6 ft.....\$15.00 | 6-7 ft.....\$17.50

J. virginiana glauca (Silver Redcedar). This well known evergreen is gaining in popular favor every year due to its unusual silvery blue color. It is of compact, conical habit and can easily be kept trimmed to make a fine formal specimen.

3-4 ft.....\$6.00	5-6 ft.....\$12.50
9-10 ft.....\$25.00 up	

EVERGREENS

PICEA · Spruce

P. excelsa (Norway Spruce). One of our best known evergreens. Adapted for specimens, windbreaks, or hedges. A very hardy tree with dark green foliage and of rapid growth.

3-3½ ft.....\$4.00 | 3½-4 ft.....\$5.00

P. excelsa nidiformis (Bird's Nest Spruce). An unusual dwarf evergreen for the rock garden, forming a very dense open-topped mound resembling a bird's nest.

15-18 in. (heavy).....\$4.50

P. excelsa pygmaea (Pygmy Spruce). A dwarf replica of the Norway Spruce. Another fine evergreen suitable for the rock garden.

12-15 in.....\$3.50

P. glauca conica (Dwarf Alberta Spruce). Very rare. A charming, compact, cone-shaped evergreen with very dense foliage, and of slow growth. Invaluable for formal effects and rock gardens.

Large specimens.

P. orientalis (Oriental Spruce). Graceful, widespreading branches with dark green, short needles. Useful in small plantings owing to its slow growth and rich color.

4-5 ft.....\$17.50 | 5-6 ft.....\$20.00

P. pungens (Colorado Spruce). A native spruce with thick gray-green needles. Symmetrical when young, becoming more picturesque as it ages.

3-4 ft.....\$6.00 | 4-5 ft.....\$8.50

P. pungens kosteri (Koster Blue Spruce). The bluest of Blue Spruces. This is the most remarkable and conspicuous of all the conifers for ornamental planting. Being symmetrical and shapely, its ideal purpose is as a specimen.

Large Specimens 10 ft. and over.....\$80.00 up

PINUS · Pine

Pinus montana mughus (Mugho Pine). A slow growing, dwarf evergreen with dark green needles. The branches are of a spreading habit and never attain a height of over 3 to 4 feet. A very desirable plant for the foundation planting or rock garden.

12-15 in.....\$2.50 | 15-18 in.....\$3.50

P. strobus (White Pine). One of our most useful Pines for screen or group planting. They develop into tall, straight specimens. It will thrive on poor, sandy soil. Soft green needles with very slight tint of blue.

3-4 ft.....\$5.00 | 5-6 ft.....\$7.50
4-5 ft.....6.00 | 6-7 ft.....10.00

PSEUDOTSUGA

Pseudotsuga douglasii (Douglas-fir). The Douglas-fir is one of the most valuable of all coniferous trees. A vigorous, symmetrical and graceful tree which matures into large specimens. It is very hardy and will grow in as much shade as the Hemlock.

2-3 ft.....\$4.00 | 4-5 ft.....\$8.00
3-4 ft.....6.00 | 5-6 ft.....12.00

EVERGREENS

TAXUS · Yew

This is one of the finest groups of evergreens. Noted for their hardiness and adaptability, they will do well in either sun or shade, and can be used for many purposes.

The year-round deep green color and neat habit of growth, typical of the Yews, make them unexcelled for use in the foundation planting, whether it be an upright or spreading form, slow-growing or more rapid growing type.

With only a small amount of shearing they will develop into a dense, compact evergreen hedge.

We have a good assortment of varieties and sizes ranging from small stock up to 25 year and older specimens.

Taxus baccata repandens (Spreading English Yew).

Beautiful rich green foliage on spreading, slightly weeping branches make this plant an ideal subject for the rock garden or for the front of a foundation planting. Prefers a protected, partly shaded location.

18-24 in.\$5.50

T. columnaris (Moon's Columnar Yew). As the plant matures this evergreen takes on the form of aged Boxwood.

10-12 in.\$2.00 | 2-2½ ft.\$8.00

15-18 in. 4.50 | 2½-3 ft.12.00

18-24 in. 6.00 | 3-3½ ft.15.00

T. cuspidata (Spreading Japanese Yew). Rich, deep green foliage with spreading habit. In the Fall the plants bear brilliant scarlet berries. A beautiful and most desirable evergreen. It does very well in the shade and is very hardy.

10-12 in.\$2.00 | 2-2½ ft.\$9.00

12-15 in. 3.00 | 2½-3 ft.12.00

15-18 in. 4.50 | 3-3½ ft.15.00

18-24 in. 6.00 | Specimens.\$50.00 up

T. cuspidata brevifolia (Dwarf Japanese Yew). Blackish green, thick set needles. Irregular, spreading habit. A very fine, slow growing dwarf Yew.

8-10 in.\$3.00 | 15-18 in.\$6.00

10-12 in. 4.00 | 18-21 in. 8.00

12-15 in. 5.00 | 21-24 in.10.00

T. cuspidata capitata (Upright Japanese Yew). Upright growing form of the above. Matures into broad, shapely, pyramidal specimens having the same scarlet berries as the Spreading Yew. It is extremely hardy and one of the choice evergreens.

Narrow Type	
2-2½ ft.\$4.50	4-4½ ft.\$17.50
2½-3 ft. 6.00	4½-5 ft. 22.50
3-3½ ft.10.00	5-6 ft. 27.50
3½-4 ft.12.50	6-7 ft. 35.00

Bushy Type	
15-18 in.\$4.75	3½-4 ft.\$17.50
18-24 in. 6.00	4-4½ ft. 22.50
2-2½ ft. 7.50	4½-5 ft. 27.50
2½-3 ft.10.00	5-5½ ft. 35.00
3-3½ ft.15.00	5½-6 ft. 45.00

Also large specimens.

T. intermedia. Similar in habit of growth to brevifolia, but more vigorous.

18-24 in.\$8.00 | 2-2½ ft.\$10.00

2½-3 ft.\$15.00

EVERGREENS

TAXUS—continued

T. media browni. A rounded type of Yew, often used in hedges. It grows to medium height with considerable fullness.

18-24 in.\$6.00

T. media hatfieldi (Upright Hatfield Yew). Forms a cone-shaped bush, very compact. Especially good for the small garden.

15-18 in.\$4.50 | 2-2½ ft.\$7.50

18-24 in. 6.00 | 2½-3 ft.10.00

3-3½ ft.\$15.00

T. hatfieldi. Spreader. Resembles *T. cuspidata* in shape and color but is slower growing.

2-2½ ft.\$10.00 | 2½-3 ft.\$12.00

3-3½ ft.\$15.00

T. media hicksi (Hicks Yew). A splendid accent plant, being narrow and columnar with rich, dark green foliage.

15-18 in.\$4.00 | 2½-3 ft.\$9.00

18-24 in. 6.00 | 3-3½ ft.12.00

2-2½ ft. 7.50 | 3½-4 ft.15.00

T. media hunnewelliana (Hunnewell Yew). A rich green, vase-shaped plant producing a large number of red berries.

10-12 in.\$2.00 | 18-24 in.\$6.00

12-15 in. 3.00 | 2-2½ ft. 9.00

15-18 in. 4.50 | 2½-3 ft.12.00

Taxus Media Hicksi

EVERGREENS

TAXUS—continued

T. ovata (Oval Yew). A comparatively new Taxus. Develops into a compact dark green oval column, broad at the base, tapering to a narrow top.

3-3½ ft.....\$15.00 | 3½-4 ft.....\$17.50

T. Raven Rock repandens (Raven Rock Yew). A beautiful, broad spreading, compact Yew similar to repandens. This new variety of Yew was found and propagated by us and now we are able to supply the public with a limited supply. A slow growing plant with a deep blue green color in Summer and Winter. More hardy than Taxus repandens.

10-12 in.....\$2.50	2-2½ ft.....\$12.00
12-15 in..... 3.50	2½-3 ft..... 15.00
15-18 in..... 4.50	3-3½ ft..... 20.00
18-24 in..... 8.00	3½-4 ft..... 25.00

THUJA · Arborvitae

Thuja occidentalis (American Arborvitae). Pyramidal form with bright green, scaly leaves. A good accent plant. Very useful for grouping, hedges or screens. Will stand severe shearing. One of the most popular evergreens.

2½-3 ft.....\$3.50	4-5 ft.....\$6.50
3 -4 ft..... 4.50	5-6 ft..... 8.50
6-7 ft.....\$10.00	

T. occ. elegantissima (Goldentipped Arborvitae). The tips of the shoots are golden yellow.

2-3 ft.....\$3.50	3-4 ft.....\$4.50
4-5 ft.....\$7.50	

T. occ. lobbi atrovirens (Giant Arborvitae). Large, fleshy, deep green leaves. Pyramidal shape and of robust growth. This is a fine variety and should be more widely used.

2-2½ ft.....\$2.50	4-5 ft.....\$6.50
2½-3 ft..... 3.50	5-6 ft.....10.00
3 -4 ft..... 4.50	6-7 ft.....12.50

T. occ. pyramidalis (Pyramidal Arborvitae). Narrow, columnar type. Bright green, dense foliage. Very valuable for accent or formal planting. One of the choicest Arborvitaes.

2½-3 ft.....\$3.00	5-6 ft.....\$8.50
3-3½ ft..... 3.50	6-7 ft.....10.00
3½-4 ft..... 4.25	7-8 ft.....12.50
4 -5 ft..... 6.00	8-9 ft.....15.00

T. occ. rosenthali (Rosenthal Arborvitae). Dense, dark green foliage. Compact, slow grower.

3-3½ ft.....\$4.50

T. occ. spiralis (Spiral Arborvitae). Compact, upright branches with dark green foliage.

4-5 ft.....\$6.00	5-6 ft.....\$7.50
6-7 ft.....\$9.50	

T. occ. vervaeneana (Vervaene Arborvitae). A broad, pyramidal type with greenish yellow foliage.

3-4 ft.....\$4.00 | 4-5 ft.....\$6.00

T. occ. wareana (Siberian Arborvitae). Large, glaucous green foliage pyramidal in shape and very hardy. A comparatively slow grower.

3-4 ft.....\$5.50 | 4-5 ft.....\$6.50

T. occ. woodwardi. Natural globe shade with dense, light green foliage.

15-18 in.....\$3.00 | 18-24 in.....\$3.50

EVERGREENS

THUJA—continued

T. orientalis aurea nana (Biota) (Berckmans Golden Arborvitae). A very pretty, compact formal evergreen with golden yellow foliage.

15-18 in.....	\$2.75		18-24 in.....	\$3.50
---------------	--------	--	---------------	--------

Also large specimens.

TSUGA · Hemlock

Tsuga canadensis (American Hemlock). One of the most graceful and adaptable of all the evergreens. The leaves are about ½ inch long, dull green and slightly grooved above, striped beneath. Does well in the shade. Matures into fine specimens. Very useful in foundation plantings as it can be readily sheared. They make a splendid hedge or windbreak. We have a wonderful stock of Hemlock, all of which have been frequently transplanted and sheared. They are plants that are sure to please our customers.

10-15 in.....	\$1.50		3-4 ft.....	\$6.50
15-18 in.....	2.25		4-5 ft.....	8.50
18-24 in.....	3.25		5-6 ft.....	14.50
2-3 ft.....	4.50		6-7 ft.....	17.50

Also large specimens

T. canadensis pendula (Sargent Weeping Hemlock). A very beautiful evergreen of weeping habit.

3-4 ft.....	\$15.00
-------------	---------

T. sieboldi (Siebold Hemlock). Handsome, graceful tree with spreading branches. Large specimens.

18-24 in.....	\$4.50

Tsuga

Mass Planting of Azaleas

Evergreen Shrubs

Each year we find an ever increasing demand for our evergreen shrubs. The beauty of their foliage, together with their gorgeous flowers, make this one of the most desirous class of plants. Our selection, as you will note, includes many of the newer introductions as well as the old-time favorites.

- ABELIA grandiflora.** Choice plants with shining foliage and producing light pink flowers from July until frost.
 2-3 ft.\$2.75 | 3-4 ft.\$4.00
- AZALEA amonea.** Purple red flowers in April and May. Small, bright green leaves. Very hardy.
 12-15 in.\$3.00 | 18-24 in.\$6.00
- A. hinodegiri.** Undoubtedly the most popular of all Azaleas with many large, bright scarlet flowers gracing it's evergreen foliage in April and May.
 10-12 in.\$2.25 | 12-15 in.\$3.50
 15-18 in.\$4.50
- A. hinomayo.** Similar in growth to Hinodegiri with light pink flowers. Semi-evergreen.
 10-12 in.\$2.25
- A. indica alba.** Large white flowers. Plants have an upright growth and are semi-evergreen.
 10-12 in.\$2.50 | 15-18 in.\$4.50
 12-15 in.3.50 | 18-24 in.6.00
- A. kaempferi, Hybrids.** Semi-evergreen. The hybrids tend to grow lower and bushier, and the flowers are of softer shades.
 10-12 in.\$2.25 | 15-18 in.\$3.75
 12-15 in.3.00 | 18-24 in.5.00
- A. kurume, Flame.** One of the hardiest evergreen varieties. Brilliant red flowers with coppery tints.
 10-12 in.\$2.25 | 12-15 in.\$3.50

EVERGREEN SHRUBS

AZALEAS—continued

- A. kurume, Salmon Beauty.** Bright salmon pink "hose-in-hose" flowers.
8-10 in.\$2.25 | 10-12 in.\$3.00
- A. kurume, Snow.** Glossy green leaves; large, pure white flowers.
10-12 in.\$3.00 | 12-15 in.\$3.75
- A. ledifolia magnifica.** Very large white flowers, flecked with pink. Profuse bloomer.
15-18 in.\$4.00
- A. May Glory.** Extra large pink flowers; late flowering.
12-15 in.\$3.75
- A. Pink Beauty.** A vigorous growing variety with large single flowers of a soft pink.
2-2½ ft.\$6.00 | 2½-3 ft.\$7.50
- A. sherwoodi.** A strong grower producing many large, orchid-colored flowers.
12-15 in.\$3.50

DECIDUOUS AZALEAS

- A. calendulacea** (Flame Azalea). Colors run from light salmon to deep golden orange. Lovely flowers in late May.
9-12 in.\$1.25
- A. mucronulata.** The first variety to bloom in the Spring. The lilac flowers form a beautiful contrast to the yellow blooms of Forsythia.
15-18 in.\$2.50 | 18-24 in.\$3.50
- A. nudiflora.** A native variety with variable pink, fragrant flowers in May.
2-3 ft.\$3.00 | 4-5 ft.\$7.50
3-4 ft.5.00 | 5-6 ft.10.00
- A. poukhanensis.** Fine, large single lavender pink blooms. Very hardy and grows compact and bushy.
12-15 in.\$3.00 | 15-18 in.\$4.00
- A. vaseyi.** Shell pink flowers in early May. Beautiful Fall coloring of foliage.
15-18 in.\$2.25 | 2½-3 ft.\$6.00
18-24 in.4.00 | 3-3½ ft.7.50
- BERBERIS gagnepaini** (Black Barberry). The hardiest of the evergreen Barberries. Deep green, very shiny leaves turning to a coppery purple in Winter. Can be used effectively in a planting with other evergreens.
6 in. pots.\$0.85 | 18-24 in.\$6.00
2-2½ ft.\$8.00
- B. julianae.** Another of the fine evergreen Barberries; vigorous, upright growing; bearing yellow flowers and purplish fruits. Excellent for hedges or in the foundation planting.
18-24 in.\$4.00
- B. verruculosa** (Warty Barberry). Rich, lustrous green foliage, with compact growth. Small, yellow flowers in Spring followed by black berries.
12-15 in.\$2.25
- BUXUS sempervirens** (Boxwood). Slow growing, glossy green evergreen. Excellent for formal specimens or for hedges.
12-15 in.\$2.50
- CALLUNA, Assorted Varieties** (Heather). A very good low growing shrub. Useful on a dry, sunny slope or in the rock garden.
8-10 in.\$1.00 | 15-18 in.\$2.00

EVERGREEN SHRUBS

- COTONEASTER *applanata*.** Similar to *C. horizontalis*, but less spreading with more arching branches.
5 in. pots.....\$2.00
- C. *francheti*.** Upright type with rich gray green leaves, clusters of pale pink flowers and bright orange red berries in Fall.
7 in. pots.....\$3.00
- C. *horizontalis*** (Rock Cotoneaster). A dwarf shrub of trailing habit especially suited for the rockery. It is covered with brilliant red berries in Autumn and Winter.
4 in. pots.....\$0.85 | 12-15 in.....\$2.25
- DAPHNE *cneorum*** (Rose Daphne). A dwarf evergreen shrub which bears clusters of pretty pink flowers in May and August. It has a delightful fragrance.
9-12 in.....\$1.75
- ERICA *carnea*** (Spring Heath). Evergreen with bright rosy flowers early in Spring lasting for months.
3 in. pots.....\$0.50
- ILEX *crenata*** (Japanese Holly). A compact bush with small, oval leaves. Does well in the shade. Can be sheared to desired shapes. Small plants very interesting in the rockery.
2½-3 ft.....\$9.00 | 3-3½ ft.....\$12.00
3½-4 ft.....\$15.00
- I. *c. bullata*** (Box Leaf Holly). Much admired for its unusual curved leaves of deep, glossy green, and its compact spreading habit of growth. Very hardy.
12-15 in.....\$3.50 | 15-18 in.....\$4.50
18-24 in.....\$6.00
- I. *c. latifolia*** (Broadleaf Holly). Similar to *Ilex crenata*, but with slightly larger leaves and of more robust growth.
2½-3 ft.....\$7.50
- I. *c. rotundifolia*** (Roundleaf Japanese Holly). Very similar in habit of growth to *I. bullata*, but having larger leaves.
15-18 in.....\$4.50 | 2½-3 ft.....\$10.00
- I. *opaca*** (American Holly). Slow growing with short, spreading branches. The Holly used at Christmas.
2½-3 ft.....\$6.00 | 5-6 ft.....\$15.00

4-5 ft.....12.50 | 7-8 ft....\$25.00 to 35.00
- KALMIA *latifolia*** (Mountain-laurel). Does well in sun or shade. Pink to white flowers in June. A fine plant to group with Rhododendrons. We can offer well rooted nursery grown plants as well as collected stock.
12-15 in.....\$2.00 | 2-2½ ft.....\$4.50
15-18 in.....2.50 | 2½-3 ft.....6.00
18-24 in.....3.00 | 3-4 ft.....8.00
- LEUCOTHOE.** Shiny, thick green leaves in Summer turning to rich purple in Winter. In May, graceful sprays of fragrant white flowers hang from the branches, giving the effect of a flowering fern. A handsome evergreen shrub useful for shady ground cover work.
12-15 in.....\$1.25 | 15-18 in.....\$2.75
- PIERIS *floribunda*** (Mountain Andromeda). Low growing shrub with small, dark green leaves and an abundance of white flowers in early Spring.
15-18 in.....\$5.50
- P. *japonica*** (Japanese Andromeda). Rich green foliage, tips bronze red in Spring; graceful panicles of white flowers.
10-12 in.....\$2.25 | 18-24 in.....\$4.50
12-15 in.....2.75 | 2-2½ ft.....6.00
15-18 in.....3.50 | 2½-3 ft.....8.50
3-3½ ft.....\$12.50

Rhododendron Planting

PYRACANTHA coccinea (Firethorn). Shows to best advantage when trained against the sheltered side of a wall. Bright orange-yellow berries borne in profusion. 5 in. pots.....\$2.50 | 6 in. pots.....\$3.00

RHODODENDRON canadense (Rhodora). A deciduous Rhododendron bearing tender purple flowers before the leaves appear. An interesting but seldom seen subject for the woodland or shady garden. 18-24 in.....\$2.75

R. carolinianum (Carolina Rhododendron). Nursery grown. The most attractive of the native kinds. Very desirable for foundation planting or among evergreens. It is exceptionally free flowering. Of compact growth with small leaves and flowers varying from light to deep pink. 12-15 in.....\$3.00 | 18-24 in.....\$5.00

R. catawbiense (Catawba Rhododendron). A very hardy variety having rosy purple flowers. 9-12 in.....\$1.25 | 18-24 in.....\$5.00

R. maximum. Native variety. Very suitable for shady places. It is perfectly hardy. The leaves are large and heavy and the flowers vary from white to light pink. We offer plants which have been nursery grown for several years and have developed a fine root system, and also collected plants. 18-24 in.....\$3.00 | 3-3½ ft.....\$7.00
2-2½ ft..... 4.00 | 3½-4 ft..... 8.50
2½-3 ft..... 5.00 | Also large specimens.

R. wilsoni (Wilson's Rhododendron). Fresh pink flowers. Very dwarf and compact. 2-2½ ft.....\$6.00 | 2½-3 ft.....\$8.00

HYBRID RHODODENDRONS

The magnificent flowering Rhododendrons are now available to our customers at reasonable prices. When grouped with other Rhododendrons or Evergreens, they are always sure to attract the admiration of all plant lovers.

Album grandiflorum. White. 10-12 in.....\$4.00

Acer. Maple

Ornamental and Shade Trees

There are many fine ornamental and flowering trees which may be planted to great advantage, especially where a small or medium size tree is desired. A few well chosen trees will reward you with an abundance of shade and flowers. Choose the shade tree best suited to your particular fancy from our wide selection of healthy, well branched, and fibrous rooted stock.

ACER • Maples

Acer palmatum atropurpureum (Bloodleaf Japanese Maple). Rich purple red foliage, deeply cut. The growth is upright and bushy, which makes it one of the most desirable lawn specimens. Best planted in full sun.

12-15 in.....	\$2.50	18-24 in.....	\$7.50
15-18 in.....	5.00	2-2½ ft.....	9.50
2½-3 ft.....		\$12.00	

A. palmatum dissectum purpureum. (Purple Cutleaf Maple). Deeply cut, wine-stained leaves. Flat-topped, low spreading bush growing very slowly.

18-24 in.....	\$7.50	2-2½ ft.....	\$9.50
---------------	--------	--------------	--------

A. platanoides (Norway Maple). The most popular street or shade tree. Forms a well rounded, symmetrical head.

2-2½ in. cal.....	\$12.00	3½-4 in. cal.....	\$40.00
2½-3 in. cal.....	15.00	4-4½ in. cal.....	55.00
3-3½ in. cal.....	20.00	4½-5 in.....	75.00

Also large specimens

A. platanoides schwedleri (Schwedler Maple). A stately tree. The young leaves are bright red, but as Summer approaches turn to a rich dark green with a suggestion of purple in them.

2-2½ in. cal.....	\$14.00	2½-3 in. cal.....	\$17.50
3-3½ in. cal.....		\$25.00	

A. saccharum (Sugar Maple). Brilliant Fall coloring and an erect type of growth make this well known native tree most desirable for street planting.

2½-3 in. cal.....	\$15.00	4-4½ in. cal.....	\$65.00
3-3½ in. cal.....	25.00	4½-5 in. cal.....	85.00
3½-4 in. cal.....	45.00	Also large specimens	

Dogwood

BETULA • Birch

Betula alba laciniata (Cutleaf Weeping Birch). One of the most graceful trees, with a single white trunk, and finely cut, light green leaves on pendulous branches.
7-8 ft.....\$5.00

B. populifolia (Native White Birch). Each clump has two to four white trunks coming from the ground. Beautiful in Winter as well as Summer.

4-5 ft.....	\$3.50	6- 8 ft.....	\$7.50
5-6 ft.....	5.00	8-10 ft.....	12.00
10-12 ft.....	\$15.00		

CORNUS • Dogwood

Cornus florida (Whiteflowering Dogwood). One of our most beautiful native trees. Covered with white flowers in the Spring before the leaves appear; they are lovely whether used alone, or in masses, together with Mountain Laurel and Rhododendron. Medium growing, highly resistant to insects and diseases.

2-3 ft.....	\$3.00	7- 8 ft.....	\$12.00
3-4 ft.....	4.50	8-10 ft.....	15.00
4-5 ft.....	6.00	10-12 ft.....	20.00
5-6 ft.....	7.50	12-14 ft.....	35.00
6-7 ft.....	10.00	14-16 ft.....	50.00

Also large specimens.

C. florida rubra. Similar habit as above floridas, except that the flowers are deep pink.

18-24 in.....	\$4.00	3-4 ft.....	\$7.00
2-3 ft.....	5.00	4-5 ft.....	9.00
5-6 ft.....	\$12.50		

C. kousa (Kousa Dogwood). This tree produces beautiful white flowers after the leaves have expanded, thus lengthening the Dogwood season. Large, crimson, strawberry-like fruits.

5-6 ft.....	\$10.00	6-8 ft.....	\$15.00
-------------	---------	-------------	---------

ORNAMENTAL AND SHADE TREES

CERCIDIPHYLLUM

Cercidiphyllum japonicum (Katsura Tree). Purple-tinge, heart-shaped foliage is beautiful in Spring and again in golden Autumn.

4-6 in. cal. specimens.....\$85.00

CRATAEGUS

Cordata (Washington Hawthorn). White flowers in May, followed by brilliant scarlet fruits which last nearly all Winter.

5-6 ft.....\$7.00

FAGUS • Beech

Fagus americana (American Beech). Fine, dense tops with a good, concentrated root system. Fine for Fall coloring, the russet foliage adhering all Winter.

4-4½ in. cal.....\$65.00 | 5-6 in. cal.....\$85.00

6-7 in. cal.....\$125.00

F. sylvatica pendula (Weeping Beech). One of the finest weeping trees. The branches descend to the ground in broad curves making a character specimen even in Winter.

2½-3 in. cal.....\$45.00 | 3½-4 in. cal.....\$60.00

F. sylvatica purpurea (Copper Beech). Small leaves quite dark purple when they first come out, turning to a glossy copper.

5-6 ft.....\$10.00 | 7-8 ft.....\$15.00

GINKGO

Ginkgo biloba (Maidenhair Tree). A slow grower immune from insects and disease. A good street tree for city planting because it stands dust and smoke.

1¾-2 in. cal.....\$10.00 | 2-2½ in. cal.....\$12.50

American Beech

Flowering Crab

LABURNUM

Laburnum vossi (Voss Goldenchain). Very long wisteria-like clusters of yellow flowers give this tree its name.
4-5 ft.\$5.00

LIQUIDAMBAR

Liquidambar styraciflua (Sweet Gum). A most interesting and satisfactory shade tree. It likes moisture and grows to immense size. The star-shaped leaves are blazing scarlet in Autumn. Very resistant to insects.
6-8 ft.\$10.00 | 8-10 ft.\$15.00

MAGNOLIA

Magnolia glauca (Sweet Bay Magnolia). Semi-evergreen. This small tree fills the air with a delicious gardenia-like scent during May and June when it is in bloom.

2-3 ft.\$6.00 | 3-4 ft.\$7.50

M. soulangeana (Saucer Magnolia). Large white flowers with purple tint outside. Blooms in April and May.

18-24 in.\$6.00 | 3-4 ft.\$10.00

2-3 ft.7.50 | 4-5 ft.12.50

5-6 ft.\$17.50

M. stellata (Star Magnolia). A dwarf bush form tree with pure white, starlike flowers in April.

18-24 in.\$6.00 | 3-4 ft.\$15.00

4-5 ft.\$20.00

MALUS • Flowering Crab

Malus atrosanguinea (Carmine Crab). Single crimson with ornamental fruit.

4-5 ft.\$3.50 | 5-6 ft.\$4.50

M. floribunda purpurea (Japanese Flowering Crab). Bright pink buds turn to white as they open. Yellow fruit becoming red as it ripens. Purple foliage.

5-6 ft.\$4.50

M. hopa (Redflowering Crab). A remarkable tree which is entirely covered with rose-colored blossoms in May. Fruit red.

6-7 ft.\$6.00

ORNAMENTAL AND SHADE TREES

MALUS—continued

- M. ioensis plena** (Bechtel's Crab). The last crab to flower. Double pink rose-like blooms. Fragrant.
2-3 ft.\$1.75 | 3-4 ft.\$3.50
- M. Pink Weeper.** Weeping branches with pink flowers.
4-5 ft.\$2.50
- M. spectabilis.** Coral red buds paling to delicate rose when fully expanded; exquisite fragrance.
2-2½ in. cal.\$20.00 | 2½-3 in. cal.\$25.00
- M. Red Flesh.** Rose pink.
5-6 ft.\$3.50 | 6-7 ft.\$4.50
- M. Red Silver.** Flowers red, with a silvery pink cast on the outside. Leaves tinged with purple.
5-6 ft.\$3.50 | 6-7 ft.\$4.50
- M. theifera.** Exceedingly floriferous, flowers delicate rose, changing to blush white; fruit greenish yellow.
2½-3 in. cal.\$25.00

MORUS

- Alba pendula** (Weeping Mulberry). An attractive tree with weeping branches. Fruits will attract birds.
4-5 ft.\$4.50

PRUNUS

- Prunus kwanzan** (Flowering Cherry). Well shaped trees bearing large double deep pink flowers, red in bud.
4-5 ft.\$4.50
- P. pissardi** (Purple Leaf Plum). Pink blossoms followed by reddish purple leaves, very attractive.
5-6 ft.\$4.50
- P. triloba** (Double Flowering Plum). Small shrubby tree covered with double bright pink flowers before the leaves appear.
3-4 ft.\$3.50

QUERCUS • Oaks

- Quercus palustris** (Pin Oak). A fine specimen tree. Deeply cut foliage turns rich crimson in Autumn. Branches horizontal and somewhat drooping.
5-6 ft.\$4.50

SALIX • Willows

- Salix niobe** (Goldentwig Weeping Willow). Young branches golden yellow which makes this tree interesting all year round.
5-6 ft.\$3.00 | 6-8 ft.\$4.00

SORBUS • Ash

- Sorbus aucuparia** (European Mountain Ash). Well-shaped trees of medium growth; glossy green leaves with clusters of orange scarlet berries in Fall. Valuable for small lawns.
6-8 ft.\$4.50

TILIA • Linden

- Tilia cordata** (European Linden). An excellent shade or street tree. Pyramidal in form, with small heart-shaped leaves.
2-2½ in. cal.\$15.00 | 5½-6 in. cal.\$75.00
6½-7 in. cal.\$85.00

Forsythia

Deciduous Shrubs

The different varieties of flowering shrubs makes it possible to have the garden a mass of bloom from early Spring until late Fall. They not only lend the Summer beauty but many add a note of color in Winter with interesting vividly colored bark or berries. These inexpensive shrubs can find a place in every planting.

ACANTHOPANAX pentaphyllum (Five-leaved Aralia).

Good, bright green, shiny foliage, graceful arching habit. Excellent in shady places, on rocky banks, and especially good for hedges.

2-3 ft.\$1.00 | 5-6 ft.\$3.00

ALTHAEA (Rose-of-Sharon). Tall growing shrubs, covered with large, handsome, single and double flowers in late Summer.

A. anemoneflora. Semi-double white, dark center.

A. boule de feu. Double red.

A. coelestis. Single blue.

A. jeanne d'arc. Double white.

A. The Banner. Double white, striped crimson

3-4 ft., \$1.50; 4-5 ft., \$2.00

AMYGDALUS (Flowering Almond). Double pink flowers cover the stems before the leaves appear.

2-3 ft.\$1.25

DECIDUOUS SHRUBS

BERBERIS koreansis (Korean Barberry). An upright growing barberry. The large clusters of red berries, scarlet leaves, and pinkish thorns make this an outstanding shrub for Fall coloring.

2-2½ ft. \$1.00

B. thunbergi (Hedge Barberry). With bright red berries in Fall.

18-24 in. 60c., per 100 \$45.00

B. thunbergi atropurpurea (Redleaf Barberry). Bronzy-red fruit. A distinct and striking variety.

18-24 in. 75c., per 100 \$60.00

5-6 ft. specimens.

B. thunbergi erecta (Column Barberry). Ideal for a compact hedge in a narrow space, because of the perfectly erect growth. Bright red berries borne prolifically in Fall, last through most of the Winter. (Plant Patent No. 110.)

2-3 ft. \$1.50

BUDDLEIA, Charming. A new variety with elegant spray of lavender pink flowers in late Summer.

B. Dubonnet. Wine red.

B. Ile De France. Dark purple, fragrant flowers.

B. White Bouquet (Plant Patent No. 536). New white butterfly bush flowering all Summer.

All Buddleias—75c. each

CALYCANTHUS floridus (Sweetshrub). Chocolate-colored flower having a delightful fragrance.

2-3 ft. \$1.00 | 3-4 ft. \$1.50

CERCIS canadensis (American Redbud). Small, rosy pink flowers almost cover the bare branches in April. Grows taller than *Cercis chinensis*.

4-5 ft. \$3.50

C. chinensis (Chinese Judas Tree). A medium growing shrub. The purplish red flowers covering the branches make a spectacular display in early Spring before the leaves appear.

3-4 ft. \$3.00

CLETHRA alnifolia (Sweet Pepperbush). A native shrub with spikes of fragrant white flowers in late Summer.

3-4 ft. \$1.50

CYDONIA japonica (Flowering Quince). Deep crimson flowers.

2-3 ft. \$1.25

DEUTZIA gracilis (Dwarf White Deutzia). A small, dainty shrub never growing over 3 feet high.

12-15 in. \$1.00

D. Lemoine. Slow growing shrub with white flowers.

2-3 ft. \$1.25

D. scabra, Pride of Rochester. Vigorous growing shrub with white flowers in July.

3-4 ft. \$1.25

ENKIANTHUS campanulatus. Covered with clusters of small pink, bell-like flowers in Spring.

2-3 ft. \$5.00 | 3-4 ft. \$6.00

EUONYMUS yedoense. A large but slow growing shrub. Spectacular when in fruit, with orange scarlet berries showing through partly opened capsules of brilliant pink.

2-3 ft. \$1.25

DECIDUOUS SHRUBS

FORSYTHIA spectabilis. The brightest colored and largest flowered of the Forsythias.

2-3 ft.....\$0.75	4-5 ft.....\$1.50
3-4 ft.....1.00	5-6 ft.....3.00

F. ovata. Most dependable Forsythia for flowering. Color is slightly paler than spectabilis. Compact growing.

2-3 ft.....75c.

F. suspensa. Valued for its extreme weeping habit of growth. Very effective when planted on banks or at top of walls.

3-4 ft.....\$1.00

HAMAMELIS virginiana (Common Witch-hazel). An excellent shrub producing small yellow flowers in late Fall or very early Spring.

5-6 ft.....\$3.00

HYDRANGEA arborescens grandiflora (Hills of Snow). Large, pure white flowers in July and August.

18-24 in.....\$1.50

H. paniculata grandiflora (Peegee Hydrangea). Large white flowers that gradually turn to pink in the Fall.

2-3 ft.....\$1.00	3-4 ft.....\$1.50
-------------------	-------------------

TREE FORM

2-3 ft.....\$2.50	3-4 ft.....\$4.00
-------------------	-------------------

ILEX verticillata (Winterberry). Bright red berries show to best advantage in the late Fall after the leaves have dropped.

4-5 ft.....\$2.50	7-9 ft.....\$5.00
-------------------	-------------------

KOLKWTZIA amabilis (Beautybush). Gracefully arching branches covered with lavender flowers in the Spring.

2-3 ft.....\$1.50

LIGUSTRUM ovalifolium. Most popular Privet for hedges.

2-3 ft.....Each 25c., per 10 \$2.00, per 100 \$18.00

3-4 ft.....Each 35c., per 10 \$3.00, per 100 \$25.00

LONICERA zabelli. A new Honeysuckle, bearing an abundance of red flowers, followed by red fruit. Medium growing.

2-3 ft.....\$1.25	3-4 ft.....\$1.75
-------------------	-------------------

PHILADELPHUS coronarius (Mockorange). Old-fashioned sweet Syringa with white flowers in May and June.

3-4 ft.....\$1.50	4-5 ft.....\$2.00
-------------------	-------------------

P. virginialis. Large, double white, fragrant flowers in June and intermittently throughout the Summer.

3-4 ft.....\$2.00	4-5 ft.....\$3.50
-------------------	-------------------

PHOTINIA villosa (Chinese Christmasberry). A large growing shrub. Bears bright red berries in profusion. Valuable for Fall color.

3-4 ft.....\$2.50

RHODOTYPOS kerrioides (Jetbead). White, single flowers followed by black shiny berries in clusters of four.

2-3 ft.....\$1.25

Syringa

- SPIRAEA, Anthony Waterer.** A compact shrub with deep, rose pink flowers in June and July.
 15-18 in.....\$0.85 | 18-24 in.....\$1.25
- S. prunifolia** (True Bridalwreath). Double white flowers in May.
 3-4 ft.....\$2.00
- S. thunbergi.** Semi-dwarf with fernlike foliage and showy white flowers.
 2-3 ft.....\$1.00
- S. vanhouttei.** A graceful shrub; pure white flowers.
 2-3 ft.....75c. | 3-4 ft.....\$1.00
- SYMPHORICARPOS chenaulti** (Chenault Coralberry). A small shrub bearing clusters of coral red berries. Stands shade and poor soils.
 3-4 ft.....\$1.00
- SYMPLOCOS paniculata** (Turquoise Berry). Slow growing shrub, having large clusters of brilliant turquoise blue berries.
 4-5 ft.....\$6.50

SYRINGA, THE LILACS

The old fashioned common Lilac has always been a favorite and with the French Hybrids and other varieties, the blooming season is extended through most of the Spring. Here you can choose from colors that range from pure white through pale blue to deep violet-red shades, some single flowering, others double. They are easy to raise, thriving in an ordinary garden loam in the sun. Best results will be obtained by planting them either in the Spring before May 15 or in the late Fall. This year we are able to offer a wide selection of Lilacs, all well grown, stocky plants in the following varieties:

- SYRINGA josikaea** (Hungarian Lilac). Red-violet flowers. The last of the Lilacs to bloom.
 4-5 ft.....\$4.00 | 5-6 ft.....\$6.00
- S. persica** (Persian Lilac). Fragrant pale lilac flowers borne profusely.
 3-4 ft.....\$2.00 | 4-5 ft.....\$3.00
- S. vulgaris** (Common Purple Lilac). The old-fashioned, fragrant lilac; still a great favorite.
 3-4 ft.....\$2.50 | 4-5 ft.....\$5.00

DECIDUOUS SHRUBS

SYRINGA—continued

S. vulgaris alba (Common White Lilac). Same as above, but white flowers which are more fragrant.
3-4 ft.\$2.50

S. French Hybrids.

Antoine Buchner. Double dark pink. 3-4 ft.
Belle de Nancy. Single pink, white center. 3-4 ft.
Bleuatre. Single light blue. 3-4 ft.
Charles X. Single purple red. 3-4 ft., 4-5 ft.
Emily Lemoine. Double lavender. 5-6 ft.
Le Gaulois. Double clear lilac. 2-3 ft., 3-4 ft.
Ludwig Spaeth. Single reddish. 3-4 ft.
Michel Buchner. Double lavender. 3-4 ft.
Mme. Lemoine. Double white. 2-3 ft., 3-4 ft.
Pres. Grevy. Double light blue. 3-4 ft.
Rubra de Marley. Single blue. 5-6 ft.
Stadt de Rothplatz. Double purple. 2-3 ft.
Vauban. Double lilac. 4-5 ft., 5-6 ft.

2-3 ft.\$2.25
3-4 ft. 3.00
4-5 ft. 6.00
5-6 ft. 7.50 to 10.00
7-8 ft. 12.00

VACCINIUM corymbosum (Highbush Blueberry). A native Blueberry with attractive dark green foliage.

3-4 ft.\$4.00 | 5-6 ft.\$10.00

VIBURNUM burkwoodi (Gardenia-scented Viburnum). New Viburnum producing heavy flower clusters.

18-24 in.\$3.50 | 3-4 ft.\$6.00

V. dentatum (Arrowwood). Does well in a moist, partly shaded location. Dark blue berries.

4-5 ft.\$3.50

V. dilatatum (Linden Viburnum). A neat-growing shrub with dark green foliage, bearing large clusters of bright red berries.

3-4 ft.\$2.50 | 4-5 ft.\$4.00

Also larger plants, 7-10 ft.

V. theifera (Tea Viburnum). Orange berries turning red. Very showy. Growth is upright and slow, seldom requiring any pruning.

2-3 ft.\$2.00 | 4-5 ft.\$4.00

3-4 ft. 3. 0 | 5-6 ft. 5.00

V. tomentosum (Single Japanese Snowball). An outstanding variety, valued for its snow-white flower clusters in late Spring as well as for its deep green leaves and orderly habit of growth.

3-4 ft. (heavy)\$2.50 | 4-5 ft.\$3.50

V. tomentosum plicatum (Double Japanese Snowball).

2-3 ft.\$2.00

VITEX macrophylla (Bigleaf Chastetree). Lavender-blue flowers, in Fall.

2-3 ft.\$2.00

WEIGELA, Bristol Ruby. Deep red flowers in Spring and intermittently through the Summer.

3-4 ft.\$2.00

W. rosea (Pink Weigela). A vigorous grower, producing a mass of trumpet-like flowers in Spring.

3-4 ft.\$1.25

Perennials

Our aim is to produce only the best varieties of the most popular choice perennials, however, we have many new and rare varieties in our show grounds.

With the proper selection of perennials, the flower garden or rock garden may have an abundance of beautiful flowers for the entire season. We are always glad to render any possible assistance in the selection of any plants you desire.

The quality and size of our plants at Raven Rock Nurseries reflects itself in the ever increasing number of our satisfied customers.

All Perennials, 35c. each, \$3.50 per dozen, except where otherwise noted. The dozen rate on those listed at 40c. each is \$4.00 per dozen. In all cases, the dozen rate applies only when 12 or more plants are of one variety.

ACHILLEA filipendula, Parker's Variety. Bright yellow. July-August. 3-4 ft.

A. tomentosa. Orange-yellow. May-June. 6 in.

ACONITUM fischeri. Blue. September-October. 3-4 ft. 6 in. pots. 40c. each.

AETHIONEMA, Warley Rose, Pink. May-June. 6 in. pots. 50c. each.

AJUGA reptans. Dark blue. May-June. 6 in.

A. Bronze Leaf. Dark blue. June. 6 in.

A. reptans fol. variegata. Blue. May-June. 6 in.

ALLIUM odorum. White. June-July. 2 ft.

A. cernuum. Rose. July-August. 2 ft.

A. pulchellum. Violet rose. July-August. 2 ft.

A. schoenoprasum (Chives). Pink. June. 9 in.

A. senescens glaucum. Pink. July-August. 1 ft. Very interestingly twisted foliage.

ALYSSUM saxatile citrinum. Lemon yellow. May. 9-12 in.

A. saxatile compacta. Bright yellow. May. 9-12 in.

ANCHUSA italica. Gentian blue. June-July. 4-5 ft.

A. myosotidiflora. Light blue. June. 12-15 in.

AQUILEGIA chrysantha. Delicate, pale yellow. May-June. 2-3 ft.

A. Mrs. Nicholls. A large-flowered, clear deep blue. May-June. 2-3 ft.

A. Mrs. Scott Elliott's Hybrids. Mixed colors. May-June. 2-3 ft.

A. caerulea, Rose Queen. Rose with white. May-June. 2-3 ft.

ARABIS alpina floreplena. Double white. April-May. 6-8 in. Pots 50c. each.

A. alpina nana compacta. White. June. 8 in.

A. procurens. White. April. 4-6 in.

PERENNIALS

ARMERIA, *Glory of Holland*. Pink. 12 in. May-June.
A. lauchiana. Dwarf pink. April-June. 6 in.
A. maritima lauchiana alba. White. May-June. 6-8 in.

ARTEMISIA *dracunculus* (Tarragon). A savory herb for salads and vinegar. 2½-3 ft. Pots, 40c. each.

ASCLEPIAS *tuberosa*. Orange. July-August. 3 ft. 6 in.

ASTER *frikarti*. Blue. July to October. 2-2½ ft. 6 in. pots, 50c. each, \$5.00 per doz.

A. Harrington's Pink. Pink. August-September. 2-3 ft. 6 in. pots, 50c. each.

A. Mauve Cushion. Mauve. September-October. 8 in.

A. Mt. Everest. White. September. 3 ft. 6 in. pots, 50c. each.

A. Ronald. Dwarf pink. September-October. 10-12 in. 6 in. pots, 40c. each.

A. Snowsprite. Dwarf white. 10-12 in. September. 50c. each.

A. Victor. Dwarf lavender-blue. 10-12 in. September. 50c. each.

A. Violetta. Purple. September-October. 2-3 ft. 6 in. pots, 50c. each.

ASTILBE *Pink*. June-July. 2 ft. 6 in. pots, 50c. each.

A. Red. June-July. 2 ft. 6 in. pots, 50c. each.

A. White. June-July. 2 ft. 6 in. pots, 50c. each.

AUBRIETA *eyrei*. Blue. April-May. 6 in. 6 in. pots, 50c. each.

BELLIS *perennis* (Biennial). Mixed colors. 4-6 in. 15c. each, \$1.50 per doz.

CACTUS, *Opuntia humilis*. Yellow. June-July. 6 in.

CAMPANULA *calycanthema* (Cup and Saucer) **Blue**. June. 3 ft.

C. calycanthema Rose. June. 3 ft.

C. calycanthema White. June. 3 ft.

C. garganica. Light blue. May-June. 4-6 in. 6 in. pots, 40c. each.

C. persicifolia, *Telham Beauty*. Blue. June-July 2-2½ ft.

C. persicifolia alba. White. June-July. 2-2½ ft.

C. pyramidalis. Blue. June-September. 3-4 ft.

CARNATION, *Grenadin Red*. Large, fragrant red. 15-18 in. June.

CERASTIUM *tomentosum*. White. May. 6 in.

HARDY CHRYSANTHEMUMS

The following varieties are now available for Spring planting.

CHRYSANTHEMUMS

Algonquin. Golden yellow, double. September. 2-2½ ft.

Avalanche. White, double. September. 2 ft.

Aviator. Coppery red, double. October. 2½ ft.

Barbara Cummings. Soft yellow, double. September-October. 2 ft.

Betty. Salmon pink, double. October. 2½ ft.

Chrysanthemums

CHRYSANTHEMUMS—continued

Burgundy. Wine red, double. October. 2 ft.

Carnival. Burnt orange and bronze, double. October. 2½ ft.

Charles Nye. Golden yellow, double. September. 2½ ft.

Embers. Orange-bronze, double. October. 3 ft.

Glacier. Pure white, double. Late August. 2 ft.

Gold Treasure. Gold yellow, double. October. 2½ ft.

Joan Helen. Crimson purple, double. September. 18 in.

Lavender Lady. Soft lavender, double. October. 2½ ft.

Mellow Glow. Buff, peach, and bronze, double. October. 2½ ft.

Olive Longland. Fawn, bronze, and peach, double. September. 2 ft.

Ouray. Bronze button. October. 2-2½ ft.

Pepita. Cream, white, and yellow. Pompon. September. 2 ft.

Red Velvet. Wine red, double. September. 18-24 in.

Ruth Cummings. Reddish bronze, double. October. 2-2½ ft.

Symphony. Mauve, pink and lavender, double. October. 3 ft.

Zantha. Canary yellow and gold, double. September. 2 ft.
6 in. pots, 50c. each, \$5.00 per dozen

AZALEAMUMS

Barbara Small. Lavender pink, double. Early September. 2 ft.

Polar Ice. Clear white, double. Early September. 2 ft.

Red Cushion. Red, double. October. 2 ft.

Robert Brydon. Garnet red, double. Late August. 18-24 in.

Silver Moon. White, semi-double. September. 15-18 in.

Yellow Cushion. Yellow, double. September. 15-18 in.
6 in. pots, 50c. each, \$5.00 per dozen

PERENNIALS

CHRYSANTHEMUM maximum (Shasta Daisy) **Alaska.**
White. June. 3½ ft.

C. maximum, G. Marconi. Double. White. 2½-3 ft.

CHRYSOGONUM virginianum. Yellow. 9 in. All Summer.

CONVALLARIA majalis (Lily-of-the-Valley). White, fragrant. May-June. 6-8 in. 6 in. pots, 50c. each.

COREOPSIS auriculata. New dwarf variety suitable for rock gardens. Yellow. Blooms all Summer. 4-6 in. 50c. each.

C. lanceolata grandiflora, Mayfield Giant. Yellow. June-October. 4-4½ ft.

DELPHINIUM, Pacific Hybrids. Light and dark blue. June and September. 3-4 ft. 50c. each.

DIANTHUS barbatus, Sweet William (Biennial).

D. barbatus, Dwarf Midget. Mixed single. June. 6-12 in.

D. barbatus, Giant White. Single. June. 18 in.

D. barbatus, Homeland. Red. Single. June. 18 in.

D. barbatus, Newport Pink. Single. June. 18 in.

D. caesius. Pink. May-June. 4-6 in.

D. nanus compactus, Mrs. Dina Weller (New). Globe-shaped plant with single salmon flowers with a carmine ring in center. 12 in. June till frost. 50c. each.

D. plumarius, Dwarf Double. Mixed colors.

D. plumarius. White, red center, double. 8-10 in. June. 6-in. pots, 40c. each.

DICENTRA eximia (Dwarf Fringed Bleedingheart). Pink. May-October. 12 in. 6 in. pots, 40c. each.

D. spectabilis (Bleedingheart). Deep pink. May-June. 2-3 ft. 8-in. pots, 65c. each.

DICTAMNUS, Pink. June-July. 2½ ft. 50c. each.

D. White. June-July. 2½ ft. 50c. each.

Delphiniums

PERENNIALS

DIGITALIS, Shirley Hybrids. Mixed. June. 3-4 ft.
D. alba. White. June. 3-4 ft.

DORONICUM caucasicum (Leopardbane). Yellow.
April-May. 2 ft.

ECHINACEA purpurea (Purple Coneflower). Pink,
purple. All Summer. 3½ ft.

EPIMEDIUM niveum. White. May. 9 in. 50c. each.

E. rubrum. Dark pink. May. 9 in. 50c. each.

EUPATORIUM coelestinum. Lavender blue. August-
October. 18 in. 40c. each.

FESTUCA glauca (Blue Fescue). 9-12 in.

FUNKIA caerulea lanceolata. Light blue. July-August.
1-1½ ft.

F. subcordata grandiflora. White. July-August.
1-1½ ft. Field-grown, 50c. each, \$5.00 per doz.

GAILLARDIA, Burgundy. Wine red. Summer. 30 in.

G. Goblin. Orange and red. Summer. 12 in.

G. Portola Hybrids. Copper scarlet. Summer. 2½-3 ft.

GEUM boresi. Orange. June-September. 12 in. Pots,
40c. each.

GYPSOPHILA, Bristol Fairy. Double white. June-
September. 2-3 ft. 8 in. Pots, 65c. each.

HELIANTHEMUM aureum (Sunrose). Yellow. May-
June. 8 in. Pots, 50c. each.

HELIOPSIS scabra gratissima. Double golden yellow.
All Summer. 3 ft. 50c. each.

Hemerocallis

PERENNIALS

HEMEROCALLIS (Day Lily).

H. Bagdad. Rich brown red tones. June-July. 4 ft.

H. Hyperion. Large, soft canary yellow. July-August. 3½ ft.

H. Midas. Clear uniform glowing orange. June-July. 3½ ft.

H. Mrs. W. H. Wyman. Pale glistening yellow. Late August. 3½ ft.

H. Patricia. Pale yellow. July. 3 ft.

H. Winsome. Pale creamy yellow. Fragrant. June-July. 2½-3 ft.

All *Hemerocallis*, 50c. each, \$5.00 per doz.

HEUCHERA sanguinea, Rain of Fire. Red. June-July. 1-1½ ft.

HOLLYHOCKS. Double. Mixed colors. June-August. 5-6 ft.

HYPERICUM olympicum. Orange yellow. June-August. 4-6 in.

IBERIS sempervirens, Little Cushion (Dwarf Candytuft). White. April-May. 6 in. 6 in. pots, 40c. each.

I. s., Little Gem. Dwarf white. April-May. 6 in. 6 in. pots, 40c. each.

I. s. Snowflake (Candytuft). White. April-May. 9 in. 6 in. pots, 40c. each.

IRIS

No flower gives more beauty and demands as little care as the Bearded Iris, now grown in all colors. Every year for the past nine years Iris experts from all over the United States and Canada have chosen the "100 best varieties." Eighteen of these have been chosen over again each of the nine years. These eighteen are included in our Iris list and are listed below at unusually moderate prices.

IRIS germanica, Amiga. Lilac and purple. 32 in.

I. g. China Maid. Large ivory pink. 38 in.

I. g. Christobel. Red. 38 in.

I. g. City of Lincoln. Yellow and red. 42 in.

I. g. Elsa Sass. Yellow, edged white. 36 in.

I. g. Fair Elaine. White and lemon. 33 in.

I. g. Gloriele. Pale, frosty blue. 36 in.

I. g. Golden Majesty. Gleaming gold. 36 in.

I. g. Golden Treasure. Cream yellow. 38 in.

I. g. Great Lakes. Lavender blue. 40 in.

I. g. Gudrun. Pure white. 32 in.

I. g. Los Angeles. White, feathered blue. 36 in.

I. g. Matterhorn. Cool white. 37 in.

I. g. Missouri. Medium blue. 37 in.

I. g. Pallida Dalmatica. Fragrant lavender blue. 36 in.

I. g. Pink Satin. Pink. 38 in.

I. g. Prairie Sunset. Apricot, russet and gold. 36 in.

I. g. Sable. Dark violet. 36 in.

I. g. Shining Waters. Glistening blue. 36 in.

I. g. The Red Douglas. Crimson violet. 38 in.

I. g. Wabash. White and violet. 36 in.

I. g. Winnieschek. Deep blue. 36 in.

All *Iris germanica*, 50c. each

PERENNIALS

IRIS—continued

- I. graminea.** Deep blue. May. 12–15 in.
I. kaempferi, Gold Bound. Double white. July. 3½ ft. 50c. each.
I. pumila cyanea. Purple. May. 6 in.
I. p. excelsa. Yellow. May. 6 in.
I. p. Schneecuppe. Pure white. April–May. 6 in.
I. p. White. May. 9 in.
I. sibirica, Perry's Blue. Sky blue. June. 3–4 ft.
LAVANDULA vera. Blue. July–August. 12–15 in. Pots, 50c. each.
LIATRIS pycnostachya. Rosy purple. July–September. 3–4 ft.

HARDY LILIES

- LILIUM auratum.** White, with crimson spots. July. 4–6 ft. Pots, \$1.00 each.
L. regale. White, outside lilac pink. July. 3–5 ft. Pots, 75c. each.
L. rubrum. Rose-pink, spotted crimson. August. 3–4 ft. \$1.00 each.
L. tenuifolium (Coral Lily). Coral red. June. 18 in. Pots, 50c. each.
LINUM perenne. Light blue. Summer. 1–2 ft.
LUPINUS, Russell Hybrids. Various colors. June–July. 2–3 ft. 50c. each.
LYCHNIS viscaria splendens floreplena. Magenta. May–June. 1–1½ ft. Pots, 50c. each.
MENTHA spicata (Spearmint). 2½ ft. 6-in. pots, 40c. each.
MERTENSIA virginica. Blue, turning clear pink. May. 15 in. 6-in. pots, 40c. each.
MYOSOTIS alpestris (Biennial Forget-me-not). Blue. May. 6–9 in. 15c. each, \$1.50 per doz.
M. a. Pink. May. 6–8 in. 15c. each, \$1.50 per doz.
NEPETA mussini (Catnip). Light blue. May–October. 12–18 in.
PACHYSANDRA terminalis. Evergreen ground cover. 6–8 in. Rooted Cuttings, \$5.00 per 100.
PAEONIA, Baroness Schroeder. White, shaded flesh, fragrant.
P. Double Pink. Large, deep pink.
P. Festiva Maxima. Double white, flecked red. Early.
P. Karl Rosenfield. Double red. June.
P. officinalis rubra. Double red. Early.
P. Sarah Bernhardt. Appleblossom pink.
Potted plants, \$1.25 each, \$12.50 per dozen.
PAPAVER orientale (Oriental Poppy). Orange. June. 2–3 ft.
P. o. Salmon-pink. June. 2–3 ft.
P. o. Curtis Giant. Salmon pink. June. 2–3 ft.
P. o. Mrs. Perry. Orange-apricot. June. 2–3 ft.
P. o. Pink Radiance. June. 2–3 ft.
P. o. Sass Pink. Soft pink.
Potted plants, 50c. each, \$5.00 per dozen.

Phlox

SUMMER FLOWERING PHLOX

Phlox Decussata

- Africa.** Carmine-red. July-Sept. 30 in.
B. Comte. Brilliant purple. Late July-Sept. 24 in.
Baron von Dedem. Brilliant orange-red. 24 in.
Blue Boy. Dark blue. 30 in.
Brilliant. Fiery scarlet. 30 in.
Caroline Vandenburg. True lavender blue. 30 in.
E. I. Farrington. Salmon pink.
Eiffel Tower. White, red eye. 42 in.
Fiance. Pure white. 30 in.
Flanders. White. 30 in.
Flora J. Reidy. White.
Frau Anton Buchner. Pure white. 32 in.
Graf Zeppelin. White, red eye. 30 in.
H. B. May. Bright pink.
Kesselring. Deep violet, white eye. 24 in.
Leo Schlageter. Bright scarlet red.
Lilian. Salmon pink. 24 in.
Miss Lingard. Early, white tinted pink. 30 in.
Morgenrood. Wine red. 30 in.
Mrs. W. G. Harding. Deep salmon pink.
New Dawn. Pale pink. 30 in.
Rheinlander. Salmon pink. 32 in.
Royal Purple. Rich purple. 36 in.
Salmon Glow. Salmon. 30 in.
Spitfire. Orange-red. 30 in.
Von Hochberg. Black-red. 42 in.
Von Lassburg. Pure white. 28 in.
World Peace (New). Large, pure white. 50c. each.

ROCK GARDEN PHLOX

- Phlox divaricata.** Lavender blue. April-May. 1 ft.
P. subulata, alba. Pure white. April-May. 4-6 in.
P. s. atropurpurea. Red. 4 in.
P. s. Dixie Brilliant. Very striking color; new. 50c. each.
P. s. G. F. Wilson. Mauve. April-May. 4 in.
P. s. rosea. Rose pink. April-May. 4 in.
PHYSOSTEGIA virginiana alba. White. August-September. 2 ft.
P. virginiana, Vivid. Deep pink. August-September 1-1½ ft.
PLUMBAGO larpentae. Blue. July-September. 12 in. 6-in. pots, 40c. each.
POLEMONIUM reptans. Blue. May-June. 9-12 in.
PRIMULA veris. Mixed colors. April-May. 4-6 in 50c. each.
PULMONARIA angustifolia azurea. Blue. April-May. 12 in.
P. Spotted Leaf. Pink. April-May. 12 in.
PYRETHRUM roseum, Robinsons Giant Hybrids. Mixed single. June-Aug. 2-2½ ft.
ROSMARINUS officinalis. Tender, fragrant herb. Light blue. 2 ft. 40c. each.
SALVIA patens (Perennial Salvia). Azure blue. 3-4 ft. Summer.
SANTOLINA incana. Silvery gray foliage. 12 in. 6-in. pots, 40c. each.
S. Virens. Green. 18 in. 6-in. pots, 40c. each.
SAPONARIA ocymoides (Rock Soapwort). Pink. May-June. 6 in.
SAXIFRAGA cordifolia. Pink. June-July. 12 in. 50c. each.
SCABIOSA caucasica, I. House Hybrids. Light blue. May-October. 2 ft.
SEDUM album. White. June. 4-6 in.
S. dasyphyllum. Pinkish white. June. 2-3 in. Pots, 40c. each.
S. kamtschaticum. Orange yellow. June. 6 in.
S. middendorffianum. White. June. 2-3 in. 6-in. pots, 40c. each.
S. rupestre. Yellow. July. 4-6 in.
S. sarmentosum. Yellow. June-July. 4-6 in.
S. sieboldi. Pink. August-September. 6-9 in. 6-in. pots, 50c. each.
S. spectabile. Pink. July-August. 12-15 in.
S. spurium. Pink. July-August. 4-6 in. 6-in. pots, 40c. each.
S. spurium coccineum. Rose pink. July-August. 4-6 in. 40c. each.
SEMPERVIVUM globiferum. Rose. July. Pots, 40c. each.
S. tectorum. Rose. July. 3-4 in. pots, 40c. each.
STOKESIA cyanea. Double blue. July-September 1½ ft.
TEUCRIUM chamaedrys. Lavender. June-July. 12-15 in. 6-in. pots, 40c. each.

PERENNIALS

- THERMOPSIS caroliniana.** Yellow. 3 ft.
THYMUS serpyllum album. White. June-July. 2-3 in.
T. s. Pink. Light pink. June-July. 2-3 in.
T. s. coccineus. Deep pink. June-July. 2-3 in.
T. s. citriodorus. Lemon-scented. 8 in. Pots, 40c. each.
TROLLIUS europaeus. Yellow. May-September. 18 in. 50c. each.
VERONICA filiformis. White. May-June. 10-12 in.
V. incana. Blue, gray foliage. May-June. 9 in.
V. spicata nana. Blue. July. 9 in.
V. s. nana compacta. Blue. 4-6 in. July.
V. teucrium rupestris alba. White. May-June. 4-6 in.
V. t. rupestris rosea. Pink. May-June. 4-6 in.
V. t. rupestris trehani. Blue, yellow foliage. May-June. 4-6 in.
V. True Blue. Bright blue. May-June. 12-15 in.

V. c. Jersey Gem. Deep violet-blue. Summer. 4-6 in.
V. c. Mixed colors. Summer. 4-6 in.

All above Violas, 15c. each, \$1.50 per doz.

V. odorata, Royal Robe. Purple. Summer. 8-10 in. 35c. each, \$3.50 per doz.

Vines, Climbers and Ground Cover Plants

Nothing adds so much to the homelike appearance of a house as a few well chosen vines. Vines find their place as screening on a trellis, to balance proportionately high plants in a landscape planting, to hide unsightly objects, and to soften ugly corners of buildings.

Included in the many varieties we stock are both ever-green and deciduous types, clinging and twining sorts, and those vines used for either their flowers or interesting foliage.

- AMPELOPSIS veitchi** (Boston Ivy). A fast-growing, tenaciously clinging vine with shiny bright green leaves. Deciduous.
 2 year, No. 1.....Each 65c.
CELASTRUS orbiculatus (Bittersweet). Bright showy, orange-yellow berries in the Fall.
 Strong plants.....Each 85c.
CLEMATIS henryi. Large flowering white. Each \$1.25
C. jackmani. Large flowering purple. Each \$1.25
C. Mme. Ed. Andre. Large flowering red. Each \$1.25
C. montana rubens (Anemone Clematis). Hardy variety with clusters of pink flowers in May. Each \$1.25
C. ramona. Light blue. Each \$1.25
C. paniculata. Fragrant, small white flowers. Each 75c.
 All Clematis are in 6 in. pots.

Pachysandra

EUONYMUS radicans. Attractive dark evergreen foliage turning coppery purple in Winter. Will climb on masonry walls.

3 in. pots.....Each 35c.

E. radicans vegetus (Evergreen Bittersweet). Low spreading shrub, but will climb high on masonry walls. 9-12 in.....\$1.00

HEDERA helix (English Ivy). Evergreen; ideal for ground cover in shade or for wall. Climber.

3 in. potted plants.....Each 25c., per doz. \$2.50

H. helix baltica. Similar to English Ivy, but with smaller rounded lobes. Flower cream white.

3 in. pots.....Each 25c., per doz. \$2.50

H. helix minor (Small leaf English Ivy) Clings more readily and is more hardy than English Ivy.

3 in. pots.....Each 25c., per doz. \$2.50

LONICERA japonica halliana. Semi-evergreen Honey-suckle with fragrant yellow and white flowers. Splendid, quick growing ground cover.

2 yr. plants.....Each 35c., per doz. \$3.50

PACHYSANDRA terminalis (Japanese Spurge). The best all-around ground cover for shady spots. Evergreen, hardy enough to grow even under a maple tree, it is the ideal plant to give that finishing touch to a foundation planting.

Rooted Cuttings.....\$5.00 per 100

POLYGONUM auberti (Silver Lace Vine). A dense, vigorous climber, covered with fleecy white flowers most of the Summer.

2 year.....Each 85c.

VINCA Minor (Myrtle). Dense evergreen ground cover with small, dark green leaves and blue flower.

2 yr., field grown plants. Each 25c., \$2.00 per 10, \$20.00 per 100.

V. minor, Bowles Variety. An improved variety of Vinca, denser and sturdier growing.

Field-grown clumps.....35c. each, \$3.50 per doz.

Rose Garden

Roses

The loveliest of all flowers is the Rose and the sweetest of all perfumes is its fragrance. Almost every home has room for at least a few. To achieve best results, a good loamy soil, well drained and exposed to full sunshine should be selected. Prepare the soil by spading deeply and mixing with it a liberal quantity of well rotted cow manure or a lesser quantity of commercial fertilizer.

All our plants are of extra strong northern-grown stock.

HYBRID TEA OR EVERBLOOMING ROSES

Ami Quinard.....	Deep, velvety crimson
Autumn.....	Burnt orange
Caledonia.....	White
Catherine Kordes.....	Dark scarlet
Condesa de Sastago.....	Coppery pink, gold tinted
Golden Dawn.....	Sunflower yellow, fragrant
K. A. Viktoria.....	Large white
Joanna Hill.....	Indian yellow
Margaret McGredy.....	Orange scarlet
Mme. Jules Bouche.....	White, pale blush center
Mrs. Charles Bell.....	Shell pink, shaded with salmon
Mrs. E. P. Thom.....	Yellow, delicately fragrant
Mrs. P. S. DuPont.....	Deep yellow
Pink Dawn.....	Deep rose, fragrant
Poinsettia.....	Brilliant red
President Hoover.....	Maroon, orange, and gold
Radiance.....	Bright pink
Red Radiance.....	Bright rosy red
Souer Therese.....	Daffodil yellow, fragrant
Talisman.....	Red and gold
The Doctor.....	Silvery pink, very fragrant

All above Roses: \$1.00 each, \$11.00 per doz.

ROSES

PATENTED HYBRID TEAS

- Apricot Queen** (Plant Pat. No. 464). Apricot and rose. \$1.50 each.
- Charlotte Armstrong** (Plant Pat. No. 455). Coral pink. \$1.50 each.
- Countess Vandal** (Plant Pat. No. 38). Coppery bronze and pink. \$1.35 each.
- Crimson Glory** (Plant Pat. No. 105). Vivid crimson, very fragrant. \$1.50 each.
- Diamond Jubilee** (Plant Pat. No. 824). Buff orange. \$2.00 each.

- Katharine T. Marshall** (Plant Pat. No. 607). Warm pink. \$2.00 each.
- Mme. Henri Guiliot** (Plant Pat. No. 337). Raspberry pink. \$1.50 each.
- Peace** (Plant Pat. No. 591). Golden yellow to creamy pink. \$2.00 each.

CLIMBING ROSES

Whether used for screening an unsightly area, covering an old fence, adding interest to a bare wall, or grown on a trellis just for the beauty of their flowers and foliage, these climbing Roses will prove highly satisfactory and very hardy.

- Blaze** (Plant Pat. No. 10). Vivid scarlet, everblooming. \$1.50 each.
- Doubloons** (Plant Pat. No. 152). Yellow, vigorous growing. \$1.50 each.
- Dr. Van Fleet**. Pale pink.
- Dr. J. H. Nicolas** (Plant Pat. No. 457). Deep rose pink, everblooming. \$1.50 each.
- New Dawn** (Plant Pat. No. 1). Pink. \$2.00 each.
- Paul's Scarlet**. Large, bright red.
- Peace, Climbing** (Plant Pat. No. 591). Golden yellow to creamy pink. \$2.00 each.
- Silver Moon**. White.

All above Roses, \$1.00 each
(Except where otherwise noted)

FLORIBUNDAS

Single and semi-double flowers all Summer, excellent for bedding and edging.

- Betty Prior** (Plant Pat. No. 340). Red to shell pink. \$1.00 each.
- Donald Prior** (Plant Pat. No. 377). Wine red. \$1.00 each.
- Fashion** (Plant Pat. No. 789). Coral pink and gold. \$2.00 each.
- Gloria Mundi** (Polyantha). Orange scarlet. \$1.00 each.
- Pinocchio** (Plant Pat. No. 484). Salmon with gold. Fragrant. \$1.25 each.
- Summer Snow** (Plant Pat. No. 416). White. \$1.00 each.

Fruit Trees

Fruit trees on the small home property will serve a three-fold purpose. As a shade tree, in the Summer, then in the Fall a supply of useful fruits. All year round they add beauty to the landscape with their picturesque shape and in the Spring the colorful flowers add to their decorative value. We have sizes from two year old trees to large, bearing age specimens.

APPLES

- **Anoka.** Medium red. Summer. $\frac{7}{8}$ -1 in.
 - Baldwin.** Dark red, general purpose. Winter. $\frac{7}{8}$ -1 in., $1\frac{1}{4}$ - $1\frac{1}{2}$ in., $1\frac{1}{2}$ -2 in., 2- $2\frac{1}{2}$ in.
 - **Cortland.** Bright red, good keeper. Fall. $1\frac{1}{4}$ - $1\frac{1}{2}$ in., $1\frac{1}{2}$ -2 in., 2- $2\frac{1}{2}$ in.
 - **Delicious Red.** Large dark red, excellent eating. Winter. $\frac{7}{8}$ -1 in., $1-1\frac{1}{4}$ in., $1\frac{1}{4}$ - $1\frac{1}{2}$ in., $1\frac{1}{2}$ -2 in.
 - **Delicious Yellow.** Extremely hardy. Winter. $\frac{7}{8}$ -1 in., $1-1\frac{1}{4}$ in., $1\frac{1}{4}$ - $1\frac{1}{2}$ in.

WALNUTS

English Walnuts. A fine lofty tree, produces abundantly, very hardy. 3 to 4 ft. \$4.00 each

Bush and Cane Fruits

Because of the high yield per square foot of ground required, even the smallest of gardens should include several varieties of these small fruits. Planted along one side of the vegetable garden, or in a separate plot, they will continue to bear an increasingly large crop for many years to come.

BLACKBERRIES

- Eldorado. Favorite large black, very productive.
25c. each, \$2.50 per doz.

HYBRID BLUEBERRIES

Hybrid Blueberries are easy to grow. They thrive in an acid soil with plenty of humus, and are resistant to insects and diseases. The large berries have a delicious flavor not comparable to anything else when picked fresh from your own garden.

- Burlington. Very late, medium sized berries.
- Concord. Midseason, large berries, tall plants.
- Jersey. Late, large berries, tall plants.
- Pemberton. Midseason, large plants.
- Pioneer. Midseason, large light blue, medium height.
- Rancocas. Midseason, good sized berries, medium height.
- Rubel. Late, medium berries, tall plants.
18-24 in., \$1.75 each, \$15.00 per doz.
2-2 $\frac{1}{2}$ ft., \$2.25 each, \$22.50 per doz.

BOYSENBERRY

Thornless Boysenberry. Tremendous size fruit with a spicy tang. Nearly seedless. Becoming more popular every year.

25c. each, \$2.50 per doz.

A small investment in our sturdy, well started plants set out after danger of frost will keep your table supplied with a tasty variety of vegetables all Summer.

Cabbage, Celery, Cauliflower, Broccoli, Eggplant, Parsley, Pepper, Tomatoes

LAWN SEEDS

SCOTTS SEED FOR SUNNY LAWNS. This is the regular mixture, finest blend of grasses for open or lightly shaded lawns. Growing ability and freedom from weeds assured because of Scotts triple cleaning and laboratory testing.

1 lb.....\$1.35	10 lbs.....\$12.75
5 lbs.....6.45	25 lbs.....29.75
50 lbs.....\$59.50	

SCOTTS SEED FOR SHADED LAWNS. The best selection of perennial grasses for use on lawns receiving less than a half day of sunlight. Produces brilliant green turf of unusual beauty.

1 lb.....\$1.15	10 lbs.....\$10.65
5 lbs.....5.45	25 lbs.....26.25
50 lbs.....\$52.50	

SCOTTS CLOVER SEED. Those who like clover in their lawns will find it best to sow it separately. May be planted any time during the growing season.

Small box.....\$0.95 | Large box.....\$1.95

Guide for Estimating Lawn Seed Requirements:

Rate per 1000 sq. ft.
New Lawns Old Lawns

Scotts Lawn Seed for Sun or Shade.....	4-6 lbs.	2-3 lbs.
Scotts Turf Builder.....	20 lbs.	10 lbs.

Fertilizers

PLANT FOODS

AGRICO.

Agrico for Broadleaf Evergreens is specially prepared for acid loving plants such as Rhododendrons, Mountain Laurel, Azaleas, Blueberries, Gardenias, etc. In one application you feed the plant and acidify the soil. Economical—only a small amount applied in early Spring will bring out the full beauty of the blossoms and the rich green color of the foliage.

10 lbs.....	\$1.10	50 lbs.....	\$3.40
25 lbs.....	2.10	100 lbs.....	5.50

Agrico for Lawns, Trees and Shrubs, is specially formulated for the use of lawns, trees, and shrubs. It provides the necessary plant foods, with just the right proportions of nitrogen, phosphorus and potash . . . stimulating quick growth in early Spring and providing slowly available plant food all season long.

10 lbs.....	\$0.80	50 lbs.....	\$2.65
25 lbs.....	1.60	100 lbs.....	4.75

Agrico for Gardens is specially formulated for flowers and vegetables. Contains all the needed plant foods, with just the right proportions of nitrogen, phosphorus and potash to stimulate deep root growth; stiff, upstanding stalks, and an abundance of colorful flowers and delicious vegetables.

10 lbs.....	\$0.80	50 lbs.....	\$2.40
25 lbs.....	1.60	100 lbs.....	4.25

DRICONURE.

A mixture of dried cow manure, poultry manure and pulverized peat moss. Will not burn the plants. Excellent for Roses, top dressing lawns and for broad-leaved evergreens.

7½ lb. bag.....	\$0.60	50 lbs. bag.....	\$2.25
-----------------	--------	------------------	--------

HUMUS.

A natural product of years of decaying plant materials. Screened. Invaluable for improving poor topsoil and for a mulch.

Per bag.....	\$1.50	Cu. yd.....	\$9.00
--------------	--------	-------------	--------

PEAT MOSS.

Granulated Canadian peat moss. in a full size bale.

Large bale.....	\$5.50
-----------------	--------

SCOTTS LAWN FOOD PLUS WEED CONTROL

A new dry compound which feeds the lawn and at the same time eliminates all broad-leaved weeds. Safe to use in hot weather and on all kinds of grasses.

Box—2500 sq. ft.....	\$3.50
----------------------	--------

SCOTTS TURF BUILDER. A special preparation for lawns supplying all necessary foods. Discourages weeds and makes grass thicker, greener. Does not contain animal or other refuse so it is clean, odorless, and weed-free. Its double action provides immediate and long lasting food supplies. 10 lbs. does the work of 30 lbs. of ordinary fertilizer.

10 lbs.....	\$1.35	25 lbs.....	\$2.50
50 lbs.....			\$3.95

Business Terms and Suggestions

Order early and take advantage of our complete assortment.

A deposit of 20 per cent will hold any tree for later delivery.

While we exercise the greatest care to have all our trees, shrubs and plants true to name, we do not give any warranty, express or implied, and it is understood and agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the original purchase price.

We guarantee all nursery stock to be in first-class condition when delivered to the customer.

Provided account is paid in accordance with agreed upon terms and plants have received reasonable care, we will replace at one-half price of the plants, any woody plants furnished which if planted in the Spring fail to survive through the Summer, or if planted in the Fall, fail to leaf out the following Spring. Plants originally planted by us shall be replaced as above plus the cost of planting.

All claims for errors or omissions must be made in writing within 5 days after receipt of goods or claim will not be allowed.

The prices given are F.O.B. our nurseries. Free delivery within Westchester County, and beyond that a moderate charge will be made at time of sale.

PERENNIALS

Perennial gardens are a constant source of joy from early Spring through the Summer to late Fall. At Raven Rock Nurseries you can choose a proper selection of perennials for your garden. In our list are many varieties for sun or shade, dry or moist locations, and also for rock gardens.

We grow over 250 varieties, including many new and rare plants, as well as many of the old favorites. See pages 23 to 32 for complete list of perennials.

In the Fall we carry a complete line of Spring flowering bulbs. Ask for our list in September, and see our display gardens in the Spring.
